

Product Specifications

Cucumbers

Grade: U.S. Fancy

U.S.#1 consists of cucumbers which are well colored, well formed, not overgrown, and which are fresh, firm, and free from decay, sunscald, and from injury caused by scars and from damage caused by yellowing, sunburn, dirt or other foreign material, freezing, mosaic or other disease, insects, cuts, bruises, mechanical or other means.

Size –

The maximum diameter of each cucumber shall not be more than 2-3/8 inches and the length shall be 7 to 9 inches.

Definitions –

– “Well colored” means that not less than three-fourths of the surface of the cucumber is of a medium green or darker color, and at least a light green color extends to the blossom end.

– “Well formed” means that the cucumber is practically straight and not more than very slightly constricted or more than moderately tapered or pointed.

– “Overgrown” means that the cucumber has developed beyond the best stage for slicing, and yields to slight pressure of the thumb.
